"The fight to protect our democracy and ensure everyone has equal access to the ballot has never been so critical. Across Pennsylvania, Democrats have been fighting every day to protect voting rights, create good jobs, and lower costs for working families. But there's still so much work to be done. Now more than ever, we need Democratic leaders up and down the ballot to keep moving our Nation forward together and supporting these candidates this November couldn't be more important."

BOB CASEY
U.S. SENATOR for PENNSYLVANIA
